Prepared By:

Ronald H. Leyde Chief Deputy Auditor

To the Citizens of Geauga County

As Geauga County's Chief Financial Officer, I am pleased to present our twenty-fourth annual Popular Annual Financial Report for the year ending December 31, 2018.

The sole purpose of the report is to make the government of Geauga County more accountable to you, the citizens of the County. What services does the County provide? How has Geauga County used your tax dollars? What are the current and future plans of Geauga County Government? The publication of this report increases our accountability to the public by presenting an overview of the County's economy, its finances, its resources, the use of taxpayer dollars and plans for the future. Since our goal is to produce a meaningful document at the lowest possible cost, we did not reproduce the financial statements as they appear in the Comprehensive Annual Financial Report (CAFR).

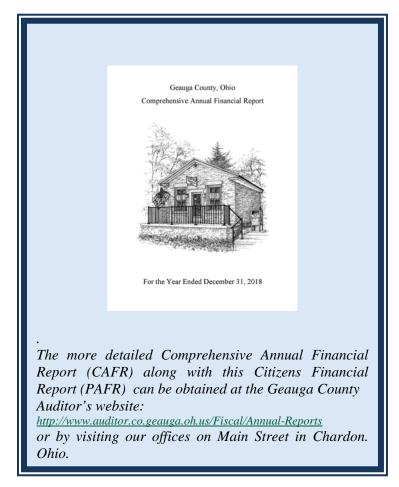

The CAFR is an almost 300 page report comprised of detailed financial statements, notes, schedules, and statistical information. It was prepared in conformance with Generally Accepted Accounting Principles (GAAP) and was audited by the Auditor of State of Ohio's office, receiving an unmodified opinion. An unmodified opinion is given when the auditor can state that the financial statements are accurately and fairly presented. The Citizens Financial Report (PAFR), however, is unaudited and presented on a GAAP basis. The major difference between these reports is that the PAFR is less detailed, does not include component units, as well as full disclosure of all material financial and non-financial events in the notes to the financial statements. Individuals who desire to review more detailed financial statements and the full disclosure GAAP basis accounting information should refer to the County's CAFR, which is available from the County Auditor's Office and on-line.

As we all have an interest in the operation of our County Government, I welcome any comments or suggestions concerning this report or any other aspects of Geauga County Government.

Sincerely,

Charles E. Walder Geauga County Auditor

Geauga County, Ohio

Geauga County was first organized by the General Assembly on March 1, 1806, as the second county in the Western Reserve. The name "Geauga," meaning "raccoon," is derived from the Native American language of the area. In 1789, the first settlement in Geauga County was founded at present-day Burton by three Connecticut families. A one-room log building was first erected in Chardon in 1808 to serve as a temporary courthouse and county seat. The first permanent courthouse was built on the southwest corner of Chardon's Public Square in 1813 at a cost of \$600. In March 1840, the residents of Painesville petitioned the General Assembly to designate Painesville as the county seat rather than Chardon, creating the present-day split between Geauga and Lake Counties. The present courthouse was built in 1869 at a cost of \$88,862.

Geauga County is a predominantly rural Northeastern Ohio County, located due south of Lake County and directly east of Cuyahoga County and the City of Cleveland. The County is comprised of sixteen townships, four villages and one city covering an area of approximately 408 square miles. The County is served by four U.S. Highways extending 57 miles in the County and twelve state highways extending 138 miles in the County. Freight carriers provide the major mode of transporting goods. Because of the County's strategic location, a number of large freight carriers have facilities located here. The nearest commercial airport is Cleveland-Hopkins International Airport located approximately forty-five miles west of the City of Chardon.

The Government Finance Officers Association of the United States and Canada (GFOA) has given an Award for *Outstanding Achievement in Popular Annual Financial* Reporting to Geauga County for its report for the fiscal year ending December 31, 2017. The Award for Outstanding Achievement in Popular Annual Financial Reporting is a prestigious national award, recognizing conformance with the highest standards for preparation of state and local government popular reports. In order to receive an Award for Outstanding Achievement in Popular Annual Financial Reporting, a government unit must publish a Popular Annual Financial Report whose contents conform to program standards of creativity, presentation, understandability and reader appeal. An Award for Outstanding Achievement in Popular Annual Financial Reporting is valid for a period of one year only. We believe our current report continues to conform to the Popular Annual Financial Reporting requirements, and we are submitted to the GFOA.

Interest	1,170,106	717,103	464,498			
Other Revenue	3,705,519	3,111,244	2,973,367			
Total Revenues and Resources	\$102,027,847	\$96,965,754	\$94,181,915			
Services Provided						
Legislative & Executive	\$15,407,884	\$15,161,798	\$14,500,955			
Judicial	6,513,173	7,208,392	5,894,984			
Public Safety	17,589,780	18,189,588	15,245,321			
Public Works	7,821,794	11,436,470	11,672,345			
Health	6,995,557	7,218,983	6,663,372			
Human Services	33,057,209	34,011,800	32,408,229			
Interest and Fiscal Charges	27,278	41,953	63,930			
Water and Sewer	9,698,214	8,017,741	7,802,971			
Total Expenses & Services	\$97,110,889	\$101,286,725	\$94,252,107			
Revenues & Resources Over (Under)						
Expenses & Services	\$4,916,958	(\$4,320,971)	(\$70,192)			

Points of Interest in the Activity Statement

In total, revenues increased by \$5,062,093 or 5.22% over the previous year. This is the result of an increase in Property Tax collections, grants received, and interest revenue.

Expenses decreased \$4,175,836 or 4.12%. The largest decreases were Public Works expenses down \$3,614,676 or 31.61% mainly due to fewer road projects being completed compared to 2017. Human Services decreased \$954.591 or 2.81% in large part due to the closing of the County Home. The largest increase was for Water and Sewer expenses totaling \$1,680,473 or 20.96% higher than the previous year.

Overall, Revenues outpaced Expenses by \$4,916,958 recovering from last year's shortfall.

County Resources

There are various sources of revenue coming into the County to help finance the services provided by all of the County Departments. They include the following revenue types:

Readers of the Financial Activity Statement should keep in mind that this statement is summarized. Those desiring to review more detailed GAAP basis reports should refer to the County's Comprehensive Annual Financial Report for 2018.

Taxes are resources which include Sales Tax, Real Estate Tax, Personal Property Tax and a variety of smaller taxes.

Charges for Services are the combined resources of various County departments and agencies for fees paid to them by the public.

Licenses and Permits are the revenues derived from selling these items.

Fines and Forfeitures are the resources derived from fines levied in the Courts and the monies received from a variety of forfeitures, including seized property.

Intergovernmental are the combined resources received from grants and from pass-through monies administered by the State of Ohio and Federal Government.

Special Assessments are amounts levied on Real Estate Tax bills by the County and other governments for providing improvements.

Interest is the earnings of the County Treasurer's investments.

Water & Sewer are revenues received by the Water Resources Department for fees paid to them by the public.

Other Revenues are those revenues received that do not fit into the other designated categories.

Services Provided

Services provided are the amounts spent in order to provide services to citizens. Services provided include:

Legislative & Executive

expenditures are the expenses incurred for administrative offices including the Commissioners, Board of Elections, Auditor, Treasurer, Prosecutor, ADP Board and Recorder.

Judicial expenditures reflect the costs of administering justice through the Geauga County Courts.

Public Safety expenditures reflect the costs of the Sheriff, Coroner, Building Department, Emergency Services, and other Public Safety programs. Public Works expenditures reflect the costs incurred by the County Engineer, the Ditch Maintenance Fund, and the Geauga/Portage Juvenile Detention Facility addition.

Health expenditures reflect the cost to maintain public health. These expenses do not include those of the Health District.

Human Services expenditures relate to the costs of the Human Services Department, the Board of Mental Retardation, Transportation, County Home and Aging departments.

Interest and Fiscal Charges

expenditures relate to the costs associated with paying debt owed by the County.

Water & Sewer are the costs associated with operating the Water Resources Department.

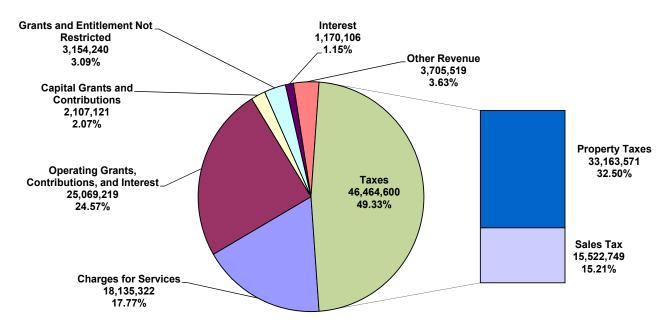

Economic Development &

Assistance expenditures reflect costs associated with the Revolving Loans program as well as Farmland Preservation.

A more detailed comprehensive annual financial report can be obtained at the Geauga County Auditor's website: http://www.auditor.co.geauga.oh.us/Fiscal/Annual-Reports, by contacting our office directly at 440-279-1600, or visiting our offices on Main St. in Chardon.

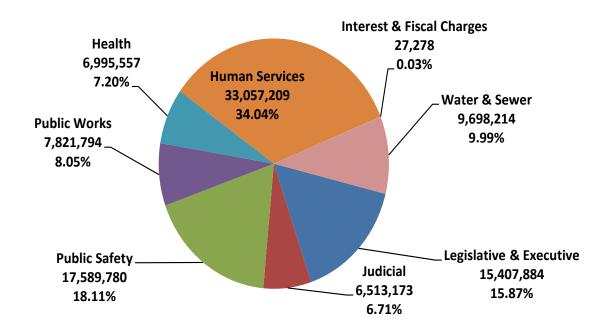

Where the Money Comes From

Resources Received 2018 County Revenues - \$102,027,847

Where the Money Goes

Services Provided 2018 County Expenses – \$97,110,889

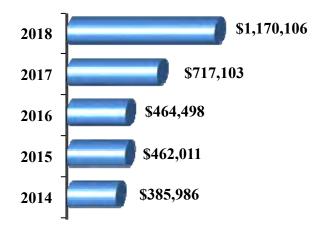

Investments

This summary provides analysis of the different types of investments carried by the County as of December 31, 2018. "Market Value" refers to the amount the County could receive if it sold the investment.

Investments	Market Value
Federal Home Loan Bank Notes	\$6,606,343
Federal Home Loan Mortgage Corporation Notes	\$6,606,343 19,506,432
Federal Farm Credit Bank Notes	3,160,162
Commercial Paper	4,355,378
Municipal Securities	656,462
Federal National Mortgage Association Notes	14,884,916
Obligation Mutual Fund	3,796,115
Total	\$52,965,808

Investment Earnings

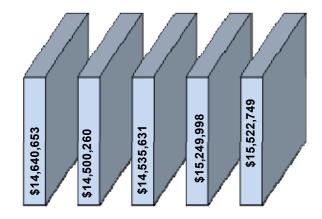

Sales Tax Receipts

Geauga County's current sales tax rate is 6.75%.

(*Ohio - 5.75%, Geauga - 1.0%)

*Effective September 1, 2013 Ohio Sales tax increased from 5.5% to 5.75% due to HB 59.

Investment earnings represent the amount of investment income earned based on market value, by the Governmental Funds of the County.

2014 2015 2016 2017 2018

Statement of Net Position

December 31, 2018 Geauga County, Ohio

Summary

The Statement of Net Position, known in accounting terms as the "Balance Sheet", is designed to provide a picture of the County's Financial Position as of the end of the year. This report is a Government-wide statement comprising all of the Primary Government's activities. Explanations of specific accounts are as follows by where they appear in the financial position statement.

Assets

Cash is comprised of cash and investments held in the County Treasury.

Receivables represent the amounts which are owed to the County and which are expected to be paid to the County over the course of the next twelve months.

Property & Equipment represents the furniture, equipment, vehicles, land, buildings and water and sewer plants which provide for an economic benefit of greater than one year.

Deferred Outflows of Resources represent the difference between the carrying value of refunded debt and its reacquisition price as well as a portion of the calculation of net pension liability.

Liabilities

Amounts Owed to Employees and Vendors are those items that the County owes to individuals and companies who supply a service or good, and the expected payment is to be made within twelve months.

Long Term Debt represents the amount of debt that the County has issued and still owes. This debt does not have to be paid off in one year; rather the County makes monthly or yearly debt payments on these amounts.

Deferred Inflows of Resources represent an acquisition of resources that apply to a future period and will not be recognized as revenue until that time as well as a portion of the calculation of the net pension liability.

Net Position

This amount represents the difference between the assets of the County and the liabilities that it must pay. The amount provides the net worth of the County.

In total, Assets and Deferred Outflows exceeded Liabilities and Deferred Inflows by \$210,765,288 which is a decrease of \$20,439,672 or 8.84% from last year.

Assets and Deferred Outflows decreased by \$1,399,033 or 0.41%. Liabilities and Deferred Inflows increased \$19,040,639 or 17.06%. The increase in Liabilities and Deferred Inflows is largely due to the new requirement to report Pension and Other Postemployment Benefits.

Readers of the Statement of Net Position should keep in mind that this is a summarized statement and those desiring to review a detailed version should refer to the County's Comprehensive Annual Financial Report for 2018.

Assets	2018	2017	2016

Geauga County Auditor's Office

The State of Ohio law places more responsibility upon the County Auditor than any other County Official. As your County Auditor, Charles E. Walder's job is to see that the funds of Geauga County are spent legally and that tax revenues are distributed properly to each public entity. Here are a few of the responsibilities.

GENERAL ACCOUNTING

Administration and Distribution of Tax Revenues

The County Auditor is the Chief Fiscal Officer of Geauga County. It is his responsibility to account for over 90 million dollars received each year by the County and to issue warrants (checks) in payment for all County obligations, including the distribution of tax dollars to Geauga County itself and to its sixteen (16) townships, four (4) villages, one (1) city, six (6) school districts and two (2) library systems as well as other County agencies. These distributions include motor vehicle license fees, gasoline taxes, estate taxes, fines, and local government funds as well as real estate and personal property taxes.

Accounting for All County Funds

The Auditor's General Accounting Department keeps the official record of all money received, available, and spent by the County. A detailed Comprehensive Annual Financial Report (CAFR) covering all revenues and expenses of the County, by fund, is prepared under the requirements of the Bureau of Inspection and Supervision of Public Offices (State Auditor's Office) and is available for public inspection. The Auditor's Office has been awarded the Certificate of Achievement for Excellence in Financial Reporting on the CAFR for each year since 1989. This award has benefited the County's bond rating and financial reporting. Geauga County's bond rating achieved Aa1 status in 2011, which has benefitted the County with lower interest rates on debt. The Popular Annual Financial Report (PAFR) was established in 1996 to present the CAFR in a condensed version with general terms, including charts and graphs. This report is also available to the public.

Administration of the County Payroll

It is also the Auditor's responsibility to serve as the paymaster for the over eight hundred (800) County employees on a bi-weekly payroll, of which almost all utilize direct deposit.

REAL ESTATE ASSESSMENT

Geauga County has more than 52,000 separate parcels of Real Property. It is the duty of the County Auditor's Office to assure that every parcel of land and the buildings thereon are fairly and uniformly appraised and then assessed for tax purposes.

A general reappraisal of all Real Property is mandated by Ohio Law every six (6) years with an update during the third year after the appraisal. The most recent reappraisal was completed in 2017 and we are preparing for an update in 2020.

A detailed record of the appraisal of each parcel (Property Record Card) in the County is maintained in the County Auditor's Office and is available for public inspection.

WEIGHTS AND MEASURES

The County Auditor is the Sealer of Weights and Measures for Geauga County, thus protecting the general public from the possible loss that may occur from faulty measuring devices such as scales and pumps. He is charged with the responsibility of insuring that all State Laws relating to weights and measures are strictly enforced. One method is to perform "spot checks" on prepackaged items to test the weight of the contents.

LICENSING

The Auditor's Office is the County Office responsible for the issuance of licenses for dogs, kennels, vendors, and cigarettes.

HOMESTEAD EXEMPTION AND PROPERTY TAX ROLLBACK

Homestead Exemptions and Property Tax Rollbacks are forms of property tax relief. Every property owner in the County receives the ten percent (10%) rollback on real estate taxes which became law several years ago when the State income tax was enacted. Senior citizens and those permanently disabled are eligible to receive the Homestead Exemption (reduction in real estate taxes). This reduction in taxes for the Homestead Exemption is in addition to the Property Tax Rollback. Homestead Exemption Applications are available in the Auditor's Office or on the website.

SPECIAL ASSESSMENTS

Special Assessments are not real estate taxes, but are included as a separate line item on the real estate tax bill. These include such items as ditch assessments, street paving, street lighting, sidewalks, and sewer or water lines. The auditor is required by law to keep an accounting of these Special Assessments, to place them on the tax duplicate as a separate item, and to return the money collected to the village, township or County Office which levied the assessment.

CONNENSOR

Geauga County Development

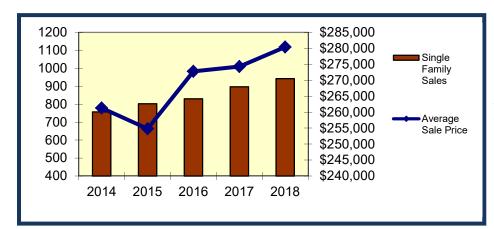

The economy of Geauga County continues to grow through this Country's economic recovery. Geauga County continues to see new construction growth considering the challenges facing the Nation. During 2018 the following sample of events contributed to the overall growth of the county:

- 32 new homes totaling almost \$18.5 million in market value was added to the tax duplicate in Bainbridge Township.
- 8 new homes totaling almost \$2.8 million in market value was added to the tax duplicate in the City of Chardon.
- 13 new homes totaling over \$5.6 million in market value was added to the tax duplicate in Auburn Township.
- 12 new homes totaling over \$4.6 million in market value was added to the tax duplicate in Munson Township.

Geauga County is home to the top two safest cities in Ohio according to the National Council for Home Safety and Security. Russell Township and Chester Township are 1 and 2, respectively, for the ranking released in 2017. The list evaluates all communities (cities, towns, villages, townships) in the State of Ohio with a population of over 5, 000 residents. Population data, internal research of the NCHSS, and FBI Uniform Crime Report statistics such as reported violent crimes and property crimes are factored to rank the "cities".

New Construction is still on the rise in Geauga County. However, according to Geauga County Auditor's Office statistics, there are still 92,774 acres under the Current Agricultural Use Valuation (CAUV) or Forestry Programs. This accounts for about 36% of the land in Geauga County.

Single Family Home Sales

Overall from year 2017 to 2018, total real estate market valuation of Geauga County increased by \$77,066,971 due to new construction.

There was a total of 149 new homes completed adding just under \$61 million to the County's tax duplicate.

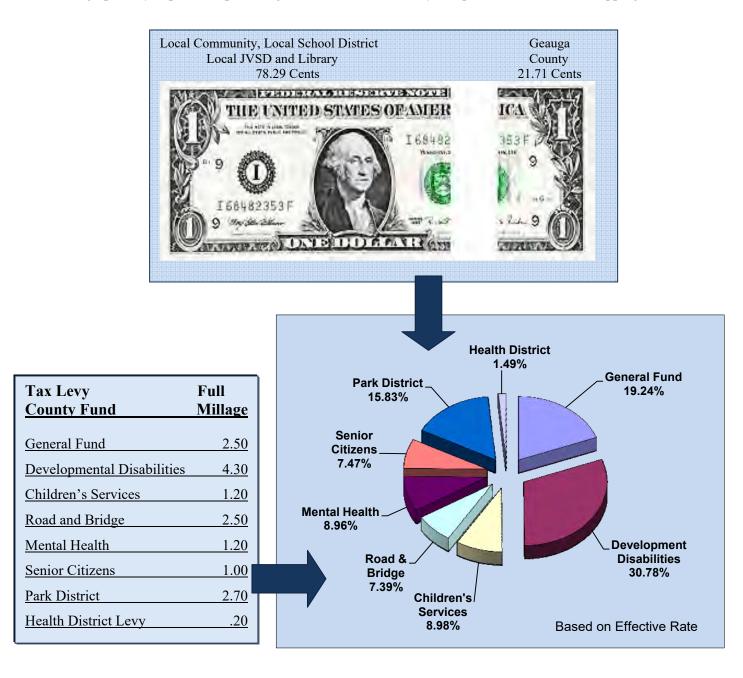

In 2018, there were 881 single family homes sold with an average sale price of \$292,283. Bainbridge Township led the county with 161 homes sold.

Current Property Tax Rate and Usage

In Geauga County, for every one dollar in property tax that a homeowner paid in 2018, on the average 21.71 cents is used to fund County programs. The local community, the local school district, JVS, and Library use the remaining 78.29 cents. For a detailed list of tax rates and how you can calculate your tax bill, turn to pages 14-15. The dollar graphically depicts this percentage allocation to the County compared to the other overlapping entities.

Of the 21.71 cents of every property tax dollar paid by County homeowners for County purposes, the proceeds are allocated in the above manner as directed by the vote of County Residents. The General Fund accounts for and reports all financial resources except those required to be accounted for and reported in another fund. The general fund balance is available to the County for any purpose provided it is expended or transferred according to the general laws of Ohio.

The Auditor's Office is frequently asked questions about the calculations of Real Estate tax bills. Many of the questions arise due to the complexity of the calculations brought about by both past and present law changes such as House Bill 920 credit, the 2 1/2 percent reduction enacted in 1979, now known as the Owner Occupancy Credit, the 10 percent rollback reduction, now known as the Non-Business Credit, the homestead exemption and others. The following example was developed to help taxpayers understand the calculation and the various factors that are used to calculate the actual tax that is paid on real property.

How to Compute Your Tax Bill

PROPERTY TAX COMPUTATION

Market Value x 35% Assessed Value Assessed Value x Full Total Tax Rate ÷ 1,000 Gross Tax Per Year Assessed Value x Effective Tax Rate ÷ 1,000 Adjusted Tax H.B. 920 Credit Gross Tax – Adjusted Tax Gross Tax - H.B. 920 Credit Net Taxes Net Taxes x Non-Business Credit Percent Non-Business Credit Net Taxes x Owner Occupancy Credit Percent Owner Occupancy Credit Net Taxes – Non-Business and Owner Occ. Taxes Charged Taxes Charged ÷ 2 Half Year Tax

Half Year Tax + Special Assessments, penalties, etc. = Total Half Year Tax Bill

EXAMPLE

This is an example for a home located in Auburn Township with a fair market value of \$100,000

\$ 100,000 x 35%		=	\$ 35,000.00	Assessed Value
\$ 35,000 x 121.430000 ÷	1,000	=	\$ 4,250.05	Gross Tax Per Yr
\$ 35,000 x 70.366375 ÷ 1	,000	=	\$ 2,462.83	Adjusted Tax
\$ 4,250.05 - \$ 2,462.83		=	\$ 1,787.22	H.B. 920 Credit
\$ 4,250.05 - \$ 1,787.22		=	\$ 2,462.83	Net Taxes
\$ 2,462.83 x 10%	(if applicable)	=	\$ 246.28	N-B Credit
\$ 2,462.83 x 2.5%	(if applicable)	=	\$ 61.57	O.O. Credit
\$ 2,462.83 - \$ 246.28 - \$ 0	51.57	=	\$ 2,154.98	Taxes Charged
\$ 2,154.98 ÷ 2		=	\$ 1,077.49	Half Year Tax
Add Special Assessments	, Penalties, Delinquencies	=	Total Half Year	Tax Bill

Auburn Township Full Total Tax Rate is Auburn Township Effective Tax Rate is 70.366375 mills

Non-Business and Owner Occupancy Credits do not apply to New or Replacement levies passed after 8/31/13.

What's New for 2019!

ArcGIS Evaluation and Upgrade

In 2019, the Geauga County Auditor's Office Real Estate and Appraisal division with begin a review and upgrade their GIS applications. The images from the mapping, layering, and data functionality of this application will be used throughout the Auditor's Office and on the REALink website. This data will also useful for various departments in the County, such as the Sheriff's and Engineer's Offices, as well as residents, other local governments, and private businesses.

New World ERP E-Suite

In late 2019, the Geauga County Auditor's Office in conjuction with the ADP Board will roll out a secure portal that will allow more efficient and effective access and communication of data to the County's financial system. Employees will be able to initiate address or direct deposit change requests, obtain copies of W-2s, view pay history, vacation and sick accrual balances, and submit timesheet electronically. County Water and Sewer customers will be able to securely access their account information and submit service requests. Vendors will be able to check the status of payments or access 1099 information. This will be the beginning of continued functionality roll outs as they become available.

Information Kiosks

To provide useful important information to visitors of Geauga County Offices, Information Kiosks will be installed at various locations at County buildings. The monitors will provide information regarding office locations, contact information, services provided, and meeting times, locations, and agendas. These kiosks are touchscreen which will allow a user to direct their inquiry to a specific area. These will be rolled in late 2019.

Pictured below are Geauga County's "Top Dog" winner Olivia Caschera (a 4th grader at Notre Dame Elementary School in Munson Township) and her dog S'mores. Olivia's essay about S'mores earned him the number one dog tag for 2019 and a lifetime tag.
