

(Our dog Beauty)

I think our dog is the number one dog in Georgia county.

She is a miniature collie mixed with miniature pincher.

She can do lots of tricks. She gets up on her hind legs and twirls she also does dance, play dead, lie down, speak, whisper, sit, shake, roll over, and she even gets up on her hind legs and gives you high five.

Beauty can also open doors if its a pull down handle all by herself.

When me and my twin brother Robbie say trampoline she runs for the trampoline and leaps gracefully up on her own then she jumps and plays with us.

She can jump over a rope held about three feet high.

She is about 14 or 15 inches high and weighs 25 pound. She's the best dog we ever had.

She is our best friend. She is so gentle to my niece and nephew. She doesn't scare the birds away. I f →

we play with her she just nibbles
but it doesn't hurt.

My name is Raymie Byler my
family has two sets of twins me &
Robbie also Alan and Alma.

My Dad and Mom are David &
Katie Byler I have 4 sisters & 3
brothers. One sister is married and

Oh I forgot to tell you that
Beauty can only understand Amish
language. And she drinks out of
the birdbath she has to get up
on her hind legs to reach it. It
look sorta funny.

That's all! 😊
