Re: Transition of Geauga Park District from County Fiscal and IT services

Dear Prosecutor Flaiz:

This letter is to advise you that we have in our possession the following relevant data concerning the Geauga Park District's transition from County fiscal and IT services effective June 28, 2021. Based on the lack of cooperation and basic civility demonstrated by the District's new Treasurer, I have available for an authorized District representative's collection the following 500GB solid state storage drive containing:

Microsoft Outlook email exchange database data for park personnel. The drive contains the District's complete exchange database under the folder named "Mail". This database includes the .edb file which includes all mailboxes, email and transaction log files.

The drive will be held in the Auditor's Fiscal Office in the care custody and control of Fiscal Manager Pam McMahan (x1610) and is available to be picked up by appointment by an authorized representative of the District during normal business hours. We will require whoever picks up the drive to produce valid identification and sign an unaltered receipt before it will be release.

Sincerely,

Charles E. Walder
Gauga County Auditor, Secretary & Administrator ADP
