Our records indicate your account is past due. Please send payment now to avoid service disruption. If you have already made your payment please disregard this message and thank you.

More On Wireless Taxes And Surcharges

Your total charges for this month's bill cycle are \$1332.76.

This includes charges for one or more bundled Verizon service plans that include voice, messaging, data, or other services for which you pay a monthly plan charge.

This bill cycle, your fixed monthly plan charges were \$350.00 (before applying any discounts or credits, and excluding other charges such as overage, late payment, taxes, Verizon surcharges, and equipment).

To accurately bill taxes and Verizon surcharges, we regularly look at past network usage by you and other customers with similar plans to allocate this fixed monthly plan charge among the services included in the bundle.

In this bill cycle, we have allocated this amount as follows: \$18.90 for voice, \$3.85 for messaging, \$327.25 for data, and \$0.00 for other services.

For more information, please go to vzw.com/taxesandsurcharges.

Bankruptcy Information

If you are or were in bankruptcy, this bill may include amounts for pre-bankruptcy charges. You should not pay pre-bankruptcy amounts; they are for your information only. In the event Verizon receives notice of a bankruptcy filing, pre-bankruptcy charges will be adjusted in future invoices. Mail bankruptcy-related correspondence to 500 Technology Drive, Suite 550, Weldon Spring, MO 63304.

Explanation of Surcharges

Surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative Charge, which helps defray certain expenses we incur, including: charges we, or our agents, pay local telephone companies for delivering calls from our customers to their customers; fees and assessments on our network facilities and services; property taxes; and the costs we incur responding to regulatory obligations. **Please note that these are Verizon Wireless charges, not taxes. These charges, and what's included, are subject to change from time to time.**

Effective January 11, 2023, the definition of the Administrative Charge will be modified to help defray and recover certain direct and indirect costs we or our agents incur, including: (a) costs of complying with regulatory and industry obligations and programs, such as E911, wireless local number portability, and wireless tower mandate costs; (b) property taxes; and (c) costs associated with our network, including facilities (e.g. leases), operations, maintenance and protection, and costs paid to other companies for network services.

Please note that this surcharge is a Verizon Wireless charge, not a tax or government-imposed fee. This charge, and what's included, is subject to change from time to time.

440 Area Code Notice

The New 436 Area Code Is Coming

We want to make sure that you are aware of, and prepared for, the new 436 area code overlay coming to the 440 area. An overlay is the addition of another area code to the same geographic area as an existing area code(s). The Public Utilities Commission of Ohio has approved the addition of the 436 area code to the geographic region served by the 440 area code region. The 440 area code serves the northern portion of Ohio, which includes all or parts of the suburbs of Cleveland. The 440 area code also serves communities such as Ashtabula, Eastlake, Elyria, Lorain, Mentor, North Olmsted, North Ridgeville, North Royalton, Parma, Parma Heights, Rocky River, Solon, Strongsville, Westlake, and Willoughby.

The Important Date To Know

March 1, 2024 -- New lines of service may be issued numbers with a 436 area code. If you receive a 436 area code, you must enter the area code + telephone number on all calls or the call will not be completed.

Here's What Will Not Change

- Your telephone number, which includes your area code, will remain the same.
- The way you make calls today will remain the same. For customers with an 440 number, you'll simply continue to enter the area code and telephone number for all calls.
- The price of a call, your local calling area, and other rates and services will not change due to the overlay.
- 911, 988, 411, 211 and any other 3-digit services in your area will still be dialed with just 3 digits.

How To Prepare

- Continue to identify your phone number as a 10-digit number (area code + 7-digit telephone number), and include the area code when giving your number to friends, family, business associates and customers.
- Check to ensure that all services, automatic dialing equipment, or other types of equipment recognize the new 436 area code. Some examples include: life safety systems and medical monitoring devices, fax machines, Internet dial-up numbers, fire alarm and security systems, security gates, call-forwarding settings and speed dialers.
- Double-check that personal or business checks, websites, contact information, stationery, advertising materials, ID tags and other important information containing your phone number include the area code.

We're Here To Help

If you have any further questions, please click verizon.com/areacodes or call 1-800-922-0204. We appreciate your business and look forward to continuing to provide you with the support and service you deserve.
